

## **“New Stars in Town” Competition**

Tonystar: Hello everybody, welcome to today’s drama performance about the Control of Obscene and Indecent Articles Ordinance. Today we will introduce to you many information about this law, we will also look into what we can and cannot watch/ read in everyday life, and also how we should choose.

We will be asking you some questions in the middle and at the end of our performance, you can scan this QR code to answer the questions. If you answer the questions correctly, you may win some prizes!

MC: Hello everybody! Give me some cheers! Good! That’s great! Thank you everybody for supporting Printon High School Campus TV! I really appreciate your passionate support.

Organised by the Campus TV, “New Stars in Town” Scheme has invited participation from all schools in town. The finalists of the “News Stars in Town” Competition will join a one-year exchange programme to gain overseas learning and living experiences. The winners will also receive scholarships. That’s really amazing! Only one finalist will be selected from each school to join the competition. Who will have the honour of representing Printon High School to join this competition? The decision rests with you when you vote online!

Now, let’s invite our two finalists onto the stage! They are the gifted and charismatic student from Form 5A, Tony, and the genius sportsman from Form 5B, Captain.

Hello. It’s time for you both to canvass for votes!

Tonystar: Would you mind if I start first?

Captain: As you wish.

Tonystar: Hello everybody, I am Tonystar. I wish to represent Printon High School in the “New Stars in Town” competition. Since I was little, I have been reminding myself to work hard to make improvements as it is the key to success. I have got very good grades in all subjects since I was a primary student. I get an A for almost every subject. My goal now is to get “5 double stars” for all subjects. If I can represent the school in this competition, I am confident that I will win! Thank you!

MC: Really awesome! Now, it’s the turn of the other finalist, Captain!

Captain: Hello everybody, I am Captain. I believe you have seen me on the sports ground because I'm really a sports fan. Being a member of the school athletics, basketball and swimming teams, I always represent the school in various competitions. I am also the record holder of the 200-metre and 400-metre race in inter-school athletics events...

Tonystar: Sorry... I have something to add. I'm sorry that I forgot to say that I have participated in numerous competitions, like the inter-school outstanding students election, the best students in town election, etc. Life will be meaningful only if you are the best.

Captain: Sorry... I also have something to add. I have just participated in an overseas round-the-island triathlon competition earlier. I love sports because I think a healthy life can give me energy to become a "new star".

Tonystar: Oh, I just thought of something ...actually ... I have joined many study tours and always travel abroad on exchange...

Captain: I also forgot to say ... I represented Hong Kong in an overseas competition Asian Football Confederation U16 Championships.

Tonystar: I also forgot to say I represented Hong Kong in the International Mathematical Olympiad before.

MC: Ok, ok! That's enough! You see how keen this competition is. I think it will be a very difficult decision, not for them but for you to make! You guys have to think carefully whom to vote for. The online voting starts now and will finish at the end of next month! You can change your mind before the deadline! Isn't it exciting? In this month we'll see how the two finalists try to win your support and votes by all possible means!

Tonystar: Would I actually lose this time?

<THE END>
